BioCycle Annual Index

Vol. 33, No. 1 — 12
January, 1992 — December, 1992

AGRICULTURAL AND HORTICULTURAL USE
Composting Food And Vegetative Waste ... Mar 69
On-Farm Composting Of Municipal Organics ... Jul 50
Recycling Newsprint In Agriculture ... Jul 70
Farm Composting Economics ... Aug 88
Composting And Agriculture Converge ... Sep 38
Replacing Plastic Mulch With Compost ... Oct 42
Farm Composters Play Significant Management Role ... Nov 67
Composted Vs. Uncomposted Organics ... Nov 70

ANAEROBIC DIGESTION AND COMPOSTING
Anaerobic Digestion For Soil Amendment And Energy ... Jun 63

BIOCYCLE SURVEYS
The State Of Garbage In America ... Apr 46
The State Of Garbage In America, Part II ... May 30
Maturation Of Materials Recovery Facilities ... Aug 34
Solid Waste Composting In the United States ... Nov 44
MSW Composting Plants Learn From Experience ... Dec 34
Sludge Composting Projects In The United States ... Dec 49

COMMERCIAL RECYCLING
Commercial Waste Processing ... Jan 49
Runways And Recyclables ... Apr 96
A Mall Learns To Recycle ... Apr 56
Making Waves On Hawaii ... Aug 46
Restaurants Evaluate Composting Option ... Oct 34
Hotels Join The Parade ... Oct 37
Diverting Commercial Building Materials ... Oct 54
The Dual Bin System And Other Initiatives ... Dec 57

COMPOSTING (see also SOLID WASTE COMPOSTING)
Sludge Composting Takes Town Out Of The Landfill ... Jan 52
Bacteriology Of Composting ... Jan 55
Sludge And Yard Waste Cocomposted In Texas ... Jan 62
Composting Fishery By-Products ... Jan 85
Source Separated Composting Serves Regional Needs ... Feb 30
Pomace Is A Grape Resource ... Feb 40
Comparing Yard Waste And Sludge Compost ... Feb 42
Small-Scale Fish Composting Trials ... Feb 62
Compost Application And Disease Suppression ... Feb 80
Composting Food And Vegetative Waste ... Mar 69
Multioptions For Grass Diversion ... Mar 72
Evaluating Garbage Compost ... Mar 75
Source Reduction Through Home Composting ... Apr 97
Leaves Prove Best Bulking Agent For Grass Clippings ... May 38
Composting Grass Clippings ... May 40
Composting Biosolids Saves $3.3 Million In Landfill Costs ... May 42
Composting The Commercial Organic Stream ... May 46
Military Recruits Composting And Recycling ... May 62
Source Separation Of Biogenic Waste ... Jun 30
Dutch Green Waste Options ... Jun 38
Composted Residues Reduce Peat And Pesticide Use ... Jun 48
Effects Of Oxygen Concentration On Composting Organics ... Jun 52
Composting Guidance In The United Kingdom ... Jun 60
Extracting Heat From In-Vessel System ... Jun 65
On-Farm Composting Of Municipal Organics ... Jul 50
Composting The Big Apple ... Jul 55
Where Leaves Go, Food Wastes Follow ... Jul 60
Making Waves On Hawaii ... Aug 46
Zebra Mussels Enter The Compost Pile ... Aug 52
Adding Paper To The Composting Mix ... Aug 54
High Altitude Sludge Composting ... Aug 68
Odor Control For Municipal Sludge Composting ... Aug 76
Farm Composting Economics ... Aug 88
Cocomposting Sludge And MSW ... Aug 91
Upgrading Operations At A Municipal Composting Site ... Sep 46
Measuring Effectiveness Of Organics Collection ... Sep 58
Wastepaper Improves BioWaste Composting ... Sep 70
Collecting And Composting Food Waste ... Oct 56
Rethinking The Composting Process ... Oct 64
Odor Control Using Biofilters ... Oct 72
On-Farm Handling Of Organic Residuals ... Nov 34
Compost Stability ... Nov 62
Farm Composters Play Significant Management Role ... Nov 67
Biofilters And Facility Operations, Part II ... Nov 75
Sludge Composting Maintains Growth ... Dec 49
Small Communities, Small Scale Composting ... Dec 60
Potential Human Health Concerns From Composting ... Dec 70

CONSTRUCTION AND DEMOLITION
Demolition Contractor Becomes Recycler ... Jan 76
Recycling Gypsum From C&D Debris ... Mar 34
Tearing Down For Reuse ... May 53
Recycling Debris From Construction Projects ... Aug 62

CURBSIDE COLLECTION (see also RECYCLING)
Integrated Collection Of Recyclables And Trash ... Jan 30
Expanding Curbside Collection Of Household Organics ... Jan 34
North Carolina County Institutes Sticker System ... Feb 35
Tapping Textile Recycling ... Feb 38
Nonprofit Recyclers Find Life After Curbside ... Feb 66
Implementing Variable Trash Collection Rates ... Apr 66
Curbside Programs Go Beyond PET and HDPE ... May 54
Composting Plus Recycling Equals 70 Percent Diversion ... May 72
Recycling Is As Easy As One, Two, Three ... May 82
Source Separation Of Biogenic Waste ... Jun 30
Multifamily Recycling On Vancouver's North Shore ... Jun 41
Efficiencies And Economics Of Curbside Recycling ... Jul 30
New Approaches To Lower Program Costs ... Jul 35
Cost Effective Collection Of Recyclables ... Jul 36
Collecting The Unusual ... Jul 38
Variable Rate System Works In Texas ... Jul 52
Recycling Debris From Construction Projects ... Aug 62
Intensive Recycling In An Urban Setting ... Sep 42
Variable Fee Systems In Minnesota ... Sep 50
Cocollection At Curbside ... Sep 56
Evaluation Of Curbside Recycling Programs ... Oct 68
Taking The Lead In Urban Recycling ... Nov 30
Collecting Bagged Recyclables ... Nov 37

DIRECTORIES — EQUIPMENT AND SYSTEMS
Composting Equipment And Systems For Solid Waste And Sludge ... Apr 86
Directory Of Composting Systems In Germany ... Jun 68
Yard Waste Collection And Composting Equipment ... Sep 76

EDUCATION
Source Reduction Through Composting ... Apr 97
Master Composters Reap Results ... Sep 74

EQUIPMENT
California Egg Ranch Solves Manure Problem ... Mar 56
Getting It Out Of The Bag ... Mar 50
German Composting Systems ... Jun 66
On-Farm Handling Of Organic Residuals ... Nov 34

FINANCING/MANAGEMENT
Financing A Recycling/MSW Composting Facility ... Feb 54
When Privatization Makes Sense ... Jul 66

FOOD WASTE
Improving The System For Food Waste Recycling ... Jan 37
Seattle Studies Food Waste Composting ... Jan 61
Pomace Is A Grape Resource ... Feb 40
Food Residues Become Community Asset ... Apr 56
Composting Biosolids Saves $3.3 Million In Landfill Costs ... May 42
Composting The Commercial Organic Stream ... May 46
Composting The Big Apple ... Jul 55
Where Leaves Go, Food Wastes Follow ... Jul 60
Restaurants Evaluate Composting Option ... Oct 34
Hotels Join The Parade ... Oct 37
Collecting And Composting Food Waste ... Oct 56

INDUSTRIAL RESIDUALS
Fertilizing With Cheese Plant Sludge ... Feb 65
Recycling Gypsum From C&D Debris ... Mar 34
Supermarkets Divert The Flow ... Mar 49
Used Lubricants To Gasoline ... May 80
Cocomposting Industrial Biomass ... Jun 72
Turning Residuals Into Bioproducts ... Nov 38
Nonburn Options For Seed Grass Straw ... Nov 74

LANDFILLS AND TRANSFER STATIONS
Today's Landfills Have Full-Scale Look ... Mar 42
Food Residues Become Community Asset ... Apr 56
New Zealand Facility Spurs Composting And Recycling ... Jun 36

MANURE
California Egg Ranch Solves Manure Problem ... Mar 56
A Slice Of The U.S. Manure Pile ... Oct 63

MARKETS AND MARKETING
Marketing Organic Soil Products ... Mar 30
Quality Control For Special Markets ... Apr 44
The Key To Successful MSW Compost Marketing ... Apr 62
Ground Rules For Marketing Compost ... Jul 72
Economic Development In The Recycling Arena ... Aug 40
Marketing Across The Great Divide ... Dec 40

BioCycle Annual Index

Marketing Across The Great Divide ... Dec 40

MATERIALS RECOVERY FACILITIES
Commercial Waste Processing....Jan 49
A Tale Of Two MRFs....Jan 58
New Generation Of Materials Recovery Facilities....Feb 48
Siting The (Benign) MRF....Apr 61
Institutional Strategies For Developing MRFs....Apr 70
Versatile MRF Serves Rural County....Jul 46
Maturation Of Materials Recovery Facilities....Aug 34

ODOR CONTROL
Activated Sludge Treatment For Odor Control....Apr 74
Odor Control For Municipal Sludge Composting....Aug 76
Upgrading Operations At A Municipal Composting Site....Sep 46
Odor Control Using Biofilters....Oct 72
Compost Stability....Nov 62
Biofilters And Facility Operations, Part II....Nov 75

PACKAGING
Aseptic Recycling On Trial....Jan 80
Package Recycling Laws....Jun 56
The Return Of Refillable Bottles....Jun 70
Refillables Cut Waste At Schools....Aug 59

PLASTICS RECYCLING
Automated Sorting For Mixed Plastics....Mar 80
Curbside Programs Go Beyond PET and HDPE....May 54
A Small Town Becomes Part Of The Chain....May 78

PUBLIC ACCEPTANCE
Siting the (Benign) MRF....Apr 61
Gaining Public Support By Design....Aug 60

PUBLIC POLICY AND REGULATIONS
Regulating Compost Quality In Ontario....Feb 60
The Garbage Stops Here (At The State Line)....Mar 40
Automatic Microsorting For Mixed Plastics....Apr 79
Part 503 Sludge Management Rule Nears Completion....Apr 82
1991 Waste Reduction Laws....May 35
Curbside Programs Go Beyond PET and HDPE....May 54
Military Recruits Composting And Recycling....May 62
Package Recycling Laws....Jun 56
Composting Guidance In The United Kingdom....Jun 60
The Challenge Of Yard Waste Composting....Sep 30
States Vary Approaches To Composting Rules....Sep 66
ADF Battle In Florida....Oct 59
Variable Rate Initiatives At The State Level....Dec 67
The BioCycle Year In Review....Dec 30

RECYCLING, MUNICIPAL AND COMMERCIAL
A City Shifts Into Full-Scale Recycling....Jan 38
A Tale Of Two MRFs....Jan 58
Aseptic Recycling On Trial....Jan 80
North Carolina County Institutes Sticker System....Feb 35
Tapping Textile Recycling....Feb 38
New Generation Of Materials Recovery Facilities....Feb 48
Do-It-Yourself Used Oil Recycling....Feb 69
Evolution Of French Dropoff Centers....Jun 40
Planning Household Recycling....Jun 78
Implementing The World's Largest Recycling Program....Nov 53
Marketing Across The Great Divide....Dec 40
Variable Rate Initiatives At The State Level....Dec 67

SEPTAGE MANAGEMENT
Lower Cost Way To Septage Treatment....Mar 64

SLUDGE MANAGEMENT
Sludge Composting Takes Town Out Of The Landfill....Jan 52
Fertilizing With Cheese Plant Sludge....Feb 65
Building The Infrastructure For Sludge Reuse....Mar 58
Beneficial Reuse Anchors Shift From Sea To Land....Apr 36
Activated Sludge Treatment For Odor Control....Apr 74
Part 503 Sludge Management Rule Nears Completion....Apr 82
East Coast States Find New Sludge Routes....May 66
How Does Society Learn About Sludge Safety?....May 68
Cocomposting Industrial Biomass....Jun 72
Contractors Vary Approaches To Sludge Reuse....Jul 62
High Altitude Sludge Composting....Aug 68
Beneficial Use Program For New York City's Sludge....Aug 72
Reclaiming Minelands With Organics....Sep 62
Northwest Shows Versatility In Using Biosolids....Nov 40
Building Support For Sludge Reuse....Dec 74

SOLID WASTE COMPOSTING
Evaluating Garbage Compost....Jan 66
Cost Calculations At MSW Composting Sites....Jan 70
Trends In European MSW Composting....Jan 74
Regulating Compost Quality In Ontario....Feb 60
Evaluating Garbage Compost....Feb 72
Portland Composter Sold To Bank....Mar 37
Start-Up Time At Pembroke Pines....Mar 47
The Key To Successful MSW Compost Marketing....Apr 62
Computation Of C/N Ratios For Various Organic Fractions....May 58
Composting Plus Recycling Equals 70 Percent Diversion....May 72
Optimal Conditions For MSW Composting....Jun 76
Exploring Applications For MSW Compost....Jul 56
Cocomposting Sludge And MSW....Aug 91
What's New In The Waste Stream....Oct 40
Solid Waste Composting In the United States....Nov 44
Solid Waste Composting Plants Face The Challenges....Nov 48
MSW Composting Plants Learn From Experience....Dec 34

WASTE RECYCLING
Do-It-Yourself Used Oil Recycling....Feb 69
World's First Automobile Disassembly Plant....Feb 82
New Uses For Old Tires....Apr 40
New Zealand Facility Spurs Composting And Recycling....Jun 36
Collecting Recyclables In Nigeria....Jun 46
Recycling At EcoBrasil '92....Jun 55
Point Of Purchase Recycling Programs....Sep 54
Paper Recycling Approaches Prime Time....Oct 46

WASTE REDUCTION
Implementing Reuse At Berkeley Exchange....Feb 58
Postal Service "Soars" Into Recycling....Feb 76
Missouri City Sets Fifty Percent Reduction....Mar 38
Yard Waste As A Resource....Apr 58
Implementing Variable Trash Collection Rates....Apr 66
Runways And Recyclables....Apr 96
Source Reduction Through Home Composting....Apr 97
Waste Reduction Strategies In Toronto....Jun 34
Appliance Recycling Takes Off....Jul 48
Source Sampling For Waste Characterization....Jul 76
Variable Fee Systems In Minnesota....Sep 50
Businesses Promote School Recycling....Oct 60

WASTEWATER MANAGEMENT
Innovative Waste Treatment In A Midwest Cornfield....Jan 46
Sewage Pipe Break Closes San Diego Beaches....Mar 55
Treating Wastewater In Constructed Wetlands....Sep 72
The Green Revolution In Wastewater Treatment....Dec 44

WOOD WASTE
Recycling Skids Into Profits....Sep 60
Recycling After The Storm....Oct 30
Pallets Team Up With Grass Clippings....Dec 39

YARD WASTE (See also COMPOSTING)
Sludge And Yard Waste Cocomposted In Texas....Jan 62
Comparing Yard Waste And Sludge Compost....Feb 42
Multioptions For Grass Diversion....Mar 72
Yard Waste As A Resource....Apr 58
Leaves Prove Best Bulking Agent For Grass Clippings....May 38
Composting Grass Clippings....May 40
Recycling Landscape Wastes....Jun 59
Landscape Company Moves Into Yard Waste Composting....Jul 42
Analyzing Yard Waste For Contaminants....Aug 64
The Challenge Of Yard Waste Composting....Sep 30
Christmas Tree Recycling....Sep 33
Mulch Production From Yard Trash....Sep 34
Composting And Agriculture Converge....Sep 38
Lowering Costs For Yard Waste Composting....Nov 57
Pallets Team Up With Grass Clippings....Dec 39

Easy-to-read, accurate and rigid

LONG STEM THERMOMETERS

Ideal for Composting and Mushroom Beds.

Monitor the temperature inside compost beds, windrows, mushroom beds and other deep media with TREND'S Long-Stem Bimetal Thermometers

- **Accurate to ± 1% of scale**
- **Hermetically sealed — crystal will not fog**
- **Easy-to-read 3" and 5" dials**
- **External reset for dial calibration**
- **Stem lengths to 72 inches**
- **3/8" stem available for greater rigidity**
- **Pointed stem easily penetrates media**
- **All standard ranges available in Fahrenheit, Celsius and Dual Scale**
- **All stainless steel construction**

Call today for our free catalog. **1-800-431-0002 in PA, call 215-431-2000**
